

### CERTIFICATE OF ANALYSIS

| Product Name              | bis(2-ethylhexyl) tetrabromophthalate |           |              |
|---------------------------|---------------------------------------|-----------|--------------|
| Batch No.                 | 20220918                              | Quantity  | 1000kg       |
| MFG. Date                 | Sept.18.2022                          | EXP .Date | Sept.17.2024 |
| CAS No.                   | 26040-51-7                            | Specs     | 90%min       |
| ITEMS                     | SPECIFICATION                         |           | RESULTS      |
| Appearance                | Yellow to Amber Viscous Liquid        |           | Conforms     |
| Purity(HPLC)              | ≥90%                                  |           | 95.26%       |
| Water(KF)                 | ≤0.5%                                 |           | 0.03%        |
| Bromine amount            | ≥44%                                  |           | 44.3%        |
| Loss on drying            | ≤0.4%                                 |           | 0.32%        |
| <b>Conclusion</b>         | <b>Up to the standard</b>             |           |              |
| <b>Remarks</b>            |                                       |           |              |
| <b>Storage conditions</b> |                                       |           |              |
